TEFLing in Tarragona, a balcony to the Mediterranean

Tarragona is located on the Mediterranean Spanish coast at less than 1-hour train ride from cosmopolitan Barcelona. The ancient city of Tarraco, as it was originally known, is now a UNESCO World Heritage Site and possesses everything an ideal tourist destination has to offer. From first-rate beaches and historical buildings, to breath-taking sceneries and architecture, there is a bit of everything for everyone including a vibrant nightlife, plenty of sunshine and excellent food!

While bigger cities such as Madrid or Barcelona seem overcrowded with English teachers, Tarragona still has loads to offer with more and more TEFL graduates choosing it as their destination. An intensive 4-week TEFL course requires good doses of peace and quiet, which a city like Tarragona, unlike bigger cities, can offer along with the opportunity to have fun any day of the week at a much lower cost. Then, if you feel like big-city adventure you can escape to bustling Barcelona at any time! Here are things that people are saying about our great city.

Tarragona 'the Balcony of the Mediterranean' is, owing to the Romans, arguably the most elegant city of the Iberian peninsula. Just like in Barcelona, Tarragona's main promenades are called 'Ramblas', where you can see the beautiful modernist buildings. Tarragona also has a beautiful beach which you can admire from the clifftop 'Balco del Mediterrani'. This balcony divides the city into an old and new part.

Furthermore there are interesting museums and the remains of Tarragona's Jewish quarter is also worth seeing. The Romans called it Tarraco and the huge part of Hispania they conquered was called Tarraconensis. The Roman walls surrounding the Old Town were built on even older huge stones that had been placed there to fortify the hilltop town long before the Romans arrived.

How you will be evaluated ...

Your progress will be continually evaluated. There are no exams. As you continue to improve in your teaching abilities your grade will continue to evolve to reflect your professional growth.

Final grades are based on where you are at the end of your training and are given as either A+, A, B+, B or C.
